What is a Fitzgerald FF Safari ?

Daily drive tours timed to give the best chance of seeing wildlife as well as being guided to perfect locations to see rare and special plants and stunning scenery.

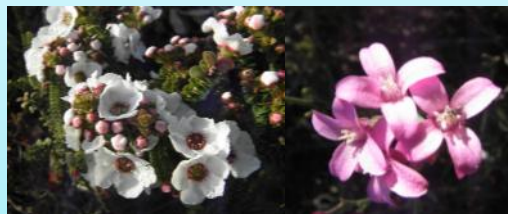

The daily Daybreak Adventure Safari starts at The Deck.

Come prepared with comfortable footwear and clothing, and an extra layer as weather conditions can change quickly.

Meet at The Deck

We meet at the Deck for a pre tour brief. We then head out to the Fitzgerald River National park via East Mt Barren look out and East Mt Barren Boardwalk, visiting attractions such as Sepulcralis Hill, Hamersley Inlet and West Beach. The itinerary will be adjusted to suit the season, the day and you.

We end the Safari as we began at The Deck where you get to visit the

Southern Ocean Discovery Centre, select your complimentary ice cream, coffee or soft drink and relax.

Be surprised

You will get plenty of opportunities to view and photograph wildflowers, stunning scenery and wildlife.

“I was amazed, we were just sitting looking at the view when a magnificent sea eagle appeared riding the updraft of the cliffs—it was the largest bird that I have ever seen, so graceful, yet supremely powerful”

Witness nature just doing its own thing!
